About the University:
The University of Mumbai is one of the oldest and premier Universities in India, established in 1857, is presently responsible for guiding and monitoring the activities relating to higher education in 781 affiliated colleges spread across Greater Mumbai and the districts of Thane, Raigad, Palghar, Ratnagiri and Sindudurg in the state of Maharashtra. It has four campuses, two in Mumbai at Fort and Kalina and two outside Mumbai at Thane and Ratnagiri. The total number of affiliated colleges and total students enrolled in 1949 were 80 and 42,272 respectively. The number as of 1975 had risen to 114 and 1,56,190 respectively. Since then the strength has grown tremendously. The University's national and international rankings have been quite impressive.

The University of Mumbai has 56 departments, 12 specialized centres, 2 model colleges and 1 engineering college under its direct control. Its jurisdiction extends upto 600 kms in Maharashtra. Many eminent personalities such as Bal Gangadhar Tilak, Dr. B.R. Ambedkar, Morarji Desai, Dadasaheb Phalke, Dadabhai Naoroji, Phirozshah Mehta, Adi Godrej, Rahul Bajaj, Dr. Homi Bhabha, M.A. Jinnah, M.C. Chagla, N. A. Palkhivala, C.D. Deshmukh, L.K. Advani and Yashwantrao Chavan are some of the illustrious alumni who have studied under the University of Mumbai.

The University has been progressively bringing in new technologies and programmes of study to make its students and faculty adapt themselves to the changing global requirements.

About the College:
The college has been awarded Grade 'A' with CGPA 3.19 by the National Assessment and Accreditation Council (NAAC). The University of Mumbai has presented the college with the 'Best College Award' for the year 2018-2019. The National Service Scheme (NSS) unit of the college has won the Best NSS Unit Award and the Best NSS Programme Officer award at state level in recent years, in recognition of its various activities. The Uttari Bharat Sabha (UBS), formed by a group of philanthropists interested in promoting quality education among the local community, started a primary school in 1948 at Bhandup, which was an industrial Zone in those days. Gradually they expanded their involvement in the field of education by establishing the secondary divisions. In 1988 the UBS set up Ramanand Arya D.A.V. College in Bhandup which obtained affiliation to the University of Mumbai and recognition by the UGC. Today, the college is having on its roll more than 3300 students in the undergraduate and postgraduate streams of study. A research centre, affiliated to the University of Mumbai, with a sanctioned capacity of 32 students is also functional currently.

The college is also an Associate Member of the International Network of Quality Assurance Agencies for Higher Education (INQAAHE), headquartered in Barcelona, Spain. A Memorandum of Understanding has been signed by the college with the London School of Management Education (LSME) to promote research activities.

About the Workshop:
According to Albert Szent-Gyorgyi, "Research is to see what everybody else has seen, and to think what nobody else has thought". As the frontiers of knowledge expand infinitely and the issues faced by living and non-living things also expand disproportionately, it becomes necessary that mankind is able to look at the changes happening around, in an analytical perspective and draw suitable conclusions from those variations. Every such effort made to draw logical and rational conclusions from the happenings around us will only strengthen our determination to survive and progress, in this complex world of ours. Research is one of the few human interventions that could help humanity in coming to terms with reality and be sufficiently prepared to face the uncertainty and unpredictability of the future. This workshop will attempt to kindle the inquisitive minds of the participants and guide them through the enjoyable path of research towards the unknown frontiers of knowledge and wisdom. Renowned scholars who have passed through this path, will elaborate the step that one should take to complete a research project with clear goal and due diligence, taking due care of even the smallest bit of information, observation and opinion.
